

DONATE A PHONE

Give dating and domestic violence victims and survivors the chance to make a lifesaving call by donating your no-longer-used wireless phone to HopeLine. Phones are refurbished and sold, and the proceeds go to nonprofit organizations to provide wireless phones and service or cash grants. Donated phones that cannot be refurbished are recycled in an environmentally safe way

How to Donate:

1. Put your wireless phone from any service provider along with the battery and charger in a plastic bag
2. Drop it in the box below

Msg & data rates may apply.
