Information regarding your Lifeline discount

Your eligibility for a Lifeline discount may be reviewed at any time or you may be required to periodically provide documentation of your continued eligibility. If you enrolled by completing the application form, you will continue to be eligible for the discount:

- For seven months after your application is approved.
- As long as your total household income remains at or below 150% of the federal poverty guidelines or you are eligible for a qualifying assistance program.
- Your service is not disconnected.
- You do not move.

LIDA has the sole authority to determine eligibility. You must notify LITE-UP TEXAS in writing of any change in address or telephone number. If you change your address or telephone number, you must re-apply for Lifeline by completing a Lifeline Application form and returning it with the required documentation. Prior to the end of your seven month eligibility, LIDA will send you a new Lifeline Application form so that you may re-apply for Lifeline.

The Lifeline discount is limited to a single line of service and limited to one per household. You may not apply for multiple Lifeline discounts and must choose to apply your Lifeline discount to either a landline or wireless number, but not both. Please note that other service providers may use a different term other than "Lifeline" to describe the Lifeline program. You will be required to certify under penalty of perjury that you will comply with this requirement. Lifeline is only available to a subscriber whose residential address is located within Verizon Wireless' Lifeline service area. Lifeline may not be applied retroactively.

Lifeline is a federal benefit and willfully making false statements to obtain Lifeline can result in fines, imprisonment, de-enrollment or being barred from the program. Lifeline is non-transferable and you may not transfer this discount to any other person. **For more information call 1.800.924.0585.**

Service Deposit

You will not be charged a service deposit to initiate Lifeline service. However, you may be required to bring your account current if you incur charges materially in excess of your monthly access. Failure to bring your account current may result in a suspension or termination of your service.

Long Distance Calling

You will not be charged a separate toll charge for outgoing Domestic Long Distance calls made from your wireless phone while you are within your Local Coverage Area (airtime charges apply). Domestic Long Distance includes calls made from within your Local Coverage Area to anywhere within the United States or Puerto Rico. International Long Distance is not a part of the Lifeline Plans. Your Lifeline device may not be used to make International Long Distance calls. Access to "900" numbers is prohibited. Use of the service to make prohibited calls can result in the suspension or termination of service.
