

## How To Use Guide: Company and Personal Packages

---

*Last updated: 12/21/2011*

### Overview

Company packages contain a combination of devices, plans, accessories and features that can be saved once and reused for future shopping. You can use packages to suppress shopping path(s) to present only predefined packages. The system supports a maximum of 20 company packages and seven personal packages, making available to you a total of 27 possible packages.

### Table of Contents:

#### General Information

- User Role Access

#### How To's

- How to Create a Company Package
  - How to Assign Access
  - How to Make Company Packages the Default
- How to Create a Personal Package
  - From a Company Package
- How to Order Using a Package

### User Role Access

The following are the user roles that have full or limited access rights:

- Primary Contact and Admin roles have full access to company and personal package creation and management. These roles can also purchase using personal and company packages.
- Analyst and Buy roles can create personal packages and purchase using personal and company packages. However, they will not be able to create, manage or modify company packages.

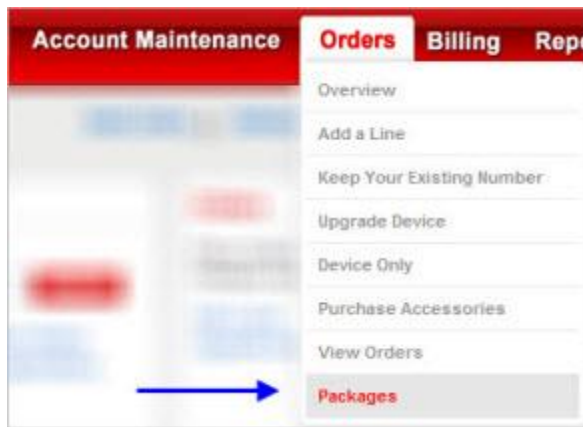

### How to Create a Company Package

A company package contains a device, a calling plan, features and accessories. You can create as many as 20 company packages.

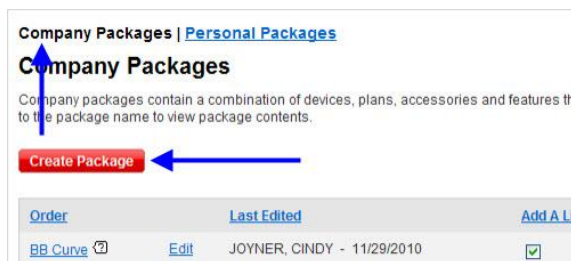

Note: Your Primary Contact will be notified nightly via email when company packages cannot be used due to market issues, content customizations, and device or accessory availability. Personal packages do not include this notification.

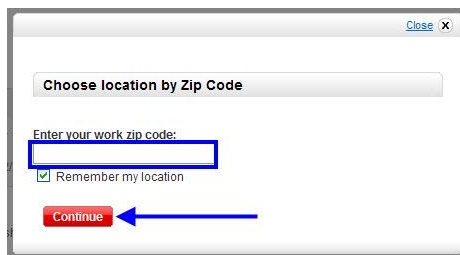

1. Hover your mouse over the **Orders** tab and click on **Packages**.

2. Click on the **Company Packages** link, if you are not already on the Company Packages page. Then, click the **Create Package** button.

3. Enter your work ZIP code, and then click the **Continue** button.

4. On the Select Device page, select the device you would like to include in the package.
  - a. Use the Feature Finder to sort by category, price, brand / OS, and features by selecting criteria from the dropdown(s).

The screenshot shows the Verizon Wireless 'Select Device' page. At the top, there are navigation tabs: BlackBerry®, SmartPhone, Phone, Push to Talk, Broadband, Tablet, and 4G. Below this is the 'Feature Finder' section with dropdown menus for Category (All Phones and...), Price (All), Brand/OS (All), and Features (All). There are 'Search' and 'Clear All' buttons. A '2 year contract' dropdown is visible on the left, and a 'Select Device & Continue' button is on the right. Below the filters, there are two product listings for the BlackBerry® Bold™ 9650 smartphone. Each listing includes a product image, a list of features (Global Ready, Mobile Broadband Capable, V CAST Media Manager Desktop App, Visual Voice Mail, VZ Navigator, Push to Talk, Skype Mobile), and pricing information: Retail Price: \$499.99, Your Price: \$149.99, Promotion Credit: -\$50.00, and Final Price: \$99.99. An 'Add to Cart' button is present for each item.

- b. Click **Search** to view the results.

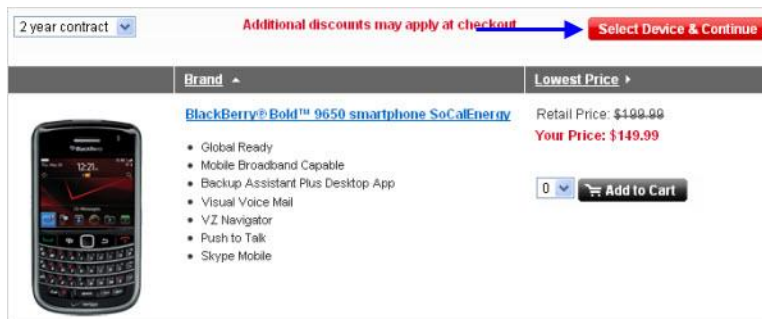

This screenshot is similar to the previous one, showing the 'Select Device' page. A blue arrow points to the 'Search' button in the Feature Finder section. Below the search filters, it indicates '15 Results' and a '2 year contract' dropdown. The 'Additional discounts may apply at checkout' message is also present.

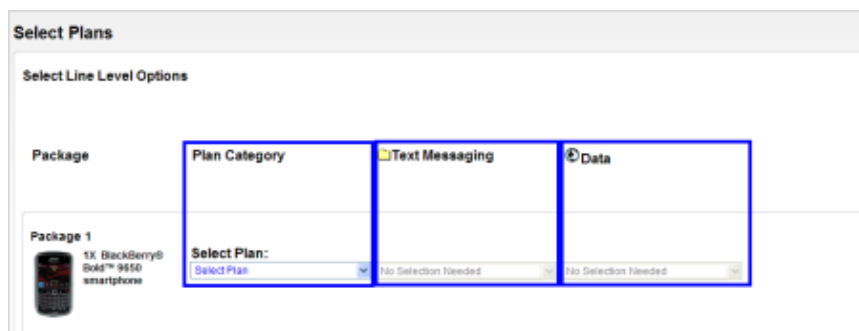

- c. Once you've made your selection, choose your desired quantity and click the **Add to Cart** button.

- d. Click the **Select a Device & Continue** button to confirm.

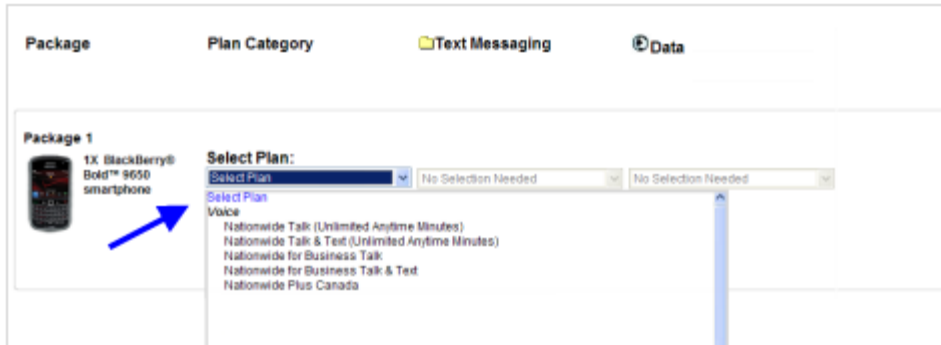

5. On the Select Plans page, select your plan category, text messaging and data packages to continue. Note: If you've selected a plan category that includes text and data, then you will not need to select them separately.

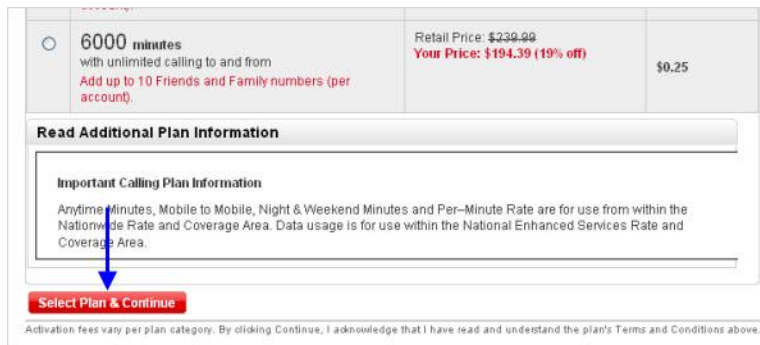

- Review the choices offered for your device, and select your plan by using the **Select Plan** dropdown menu.

- On the Select a Plan page you can make your plan choices.
  - Select your desired Monthly Anytime Allowance.

Monthly Anytime Minutes	Monthly Access	Per Minute Rate After Allowance
<input checked="" type="radio"/> 450 minutes	Retail Price: \$99.99 <b>Your Price: \$93.99 (6% off)</b>	\$0.25
<input type="radio"/> 900 minutes with unlimited calling to and from 10 Friends & Family numbers	Retail Price: \$149.99 <b>Your Price: \$142.79 (6% off)</b>	\$0.25
<input type="radio"/> 1350 minutes with unlimited calling to and from 10 Friends & Family numbers	Retail Price: \$129.99 <b>Your Price: \$122.19 (6% off)</b>	\$0.25
<input type="radio"/> 2000 minutes with unlimited calling to and from 10 Friends & Family numbers	Retail Price: \$149.99 <b>Your Price: \$140.99 (6% off)</b>	\$0.25
<input type="radio"/> 4000 minutes with unlimited calling to and from 10 Friends & Family numbers	Retail Price: \$189.99 <b>Your Price: \$178.59 (6% off)</b>	\$0.25
<input type="radio"/> 6000 minutes with unlimited calling to and from 10 Friends & Family numbers	Retail Price: \$239.99 <b>Your Price: \$225.59 (6% off)</b>	\$0.25

- Then, click the **Select a Plan & Continue** button.

8. On the Select Features page, you can further customize your plan by selecting additional features. Once you've made your selections, click **Continue**.

### Select Features

Select features for each of your packages. Use **Apply to Package** to apply feature selections to all lines in the package. Once you have finished choosing your features for all packages choose the Continue button.

### How to Assign Access

From the Company Packages page (see the screenshot below), you can control user access for each company package.

- **Add A Line:** Select to add the company package as an option when users are adding a line to their service, whether purchasing a new device or activating service with an existing device.
- **Upgrade:** Select to add the company package as an option when users are upgrading their service.
- **Company User:** Select to make the company package available to users who have a user name and password to access the online portal.
- **Shop Only Path:** Select to make the company package available through your company's authenticated landing page.

### How to Make Company Packages the Default

You can choose to make company packages the default shopping path for your company users. This means the company users will be able to purchase only using the default packages. Standard shopping and personal packages will be disabled.

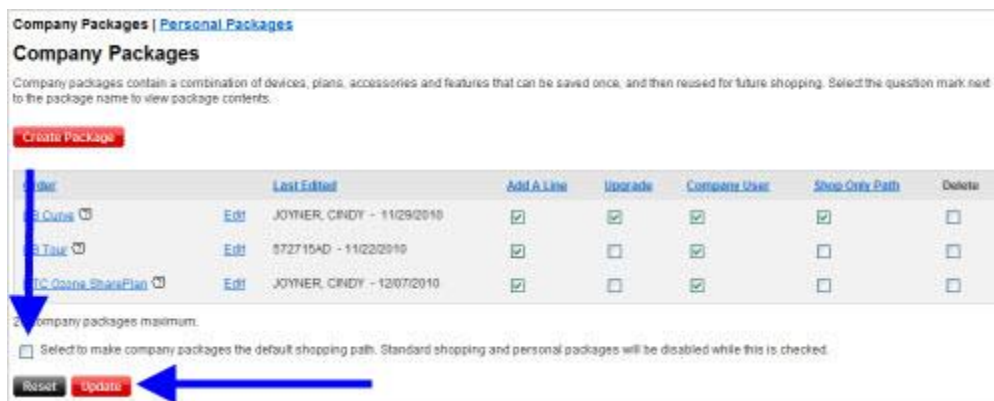

1. Hover your mouse over the **Orders** tab and click on **Packages**.

2. Check the box next to “Select to make company packages the default shopping path. ...” Then, click the **Update** button.

Note: Standard shopping and personal packages will be disabled, leaving only company packages available as a purchase option.

## How to Create a Personal Package

You can create up to 7 personal packages by either creating your own combination of a device, a calling plan, features and accessories or selecting from existing company packages. Personal packages are available only to the user who created them. Some companies may choose to disable personal packages. If you wish to create a personal package but are unable to, contact your company's Wireless Program Manager.

Note: With company packages, the Primary Contact will be notified nightly via email when the packages cannot be used due to market issues, content customizations, and device or accessory availability. Personal packages do not include this notification.

### Create Your Own

1. Hover your mouse over the **Orders** tab and select **Add a Line** or **Upgrade Device**.

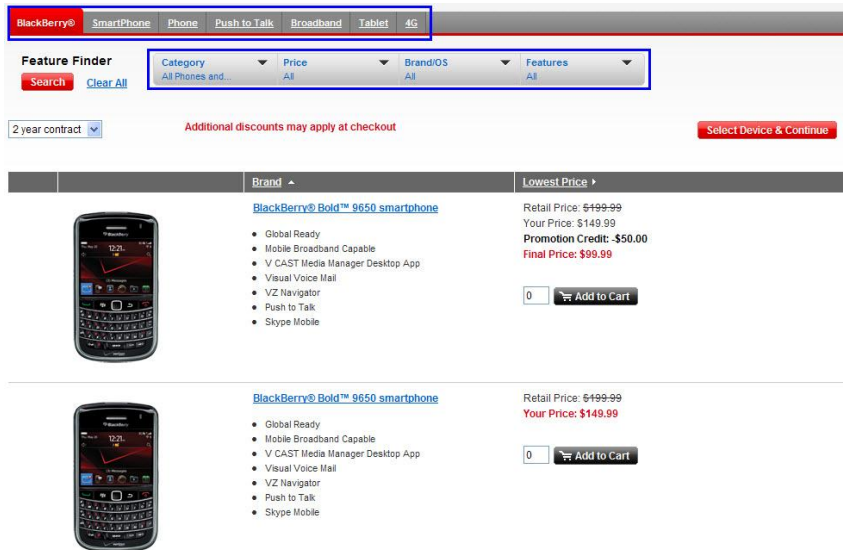

2. Enter your work ZIP code, select **Purchase a new device**, and click the **Continue** button.

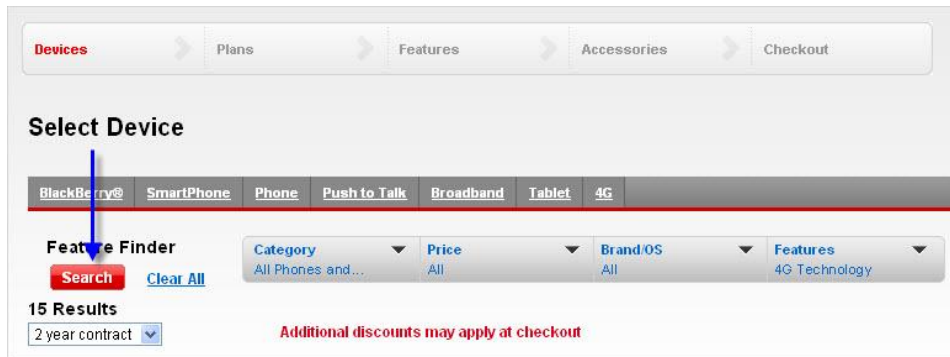

A screenshot of the 'Add a Line' form. The form is divided into two main sections. The first section is titled '1. Choose location by Zip Code' and contains a text input field labeled 'Enter your work zip code:' with a blue border. Below the input field is a checked checkbox labeled 'Remember my location'. The second section is titled '2. Select Device Needs' and contains two radio button options: 'Purchase a new device' (which is selected) and 'Activate service with an existing device'. A red 'Continue' button is located at the bottom of the form, with a blue arrow pointing to it from the right.

3. On the Select Device page, choose the device you would like to include in the package.
  - a. Use the Feature Finder to sort by category, price, brand / OS, and features by selecting criteria from the dropdown(s).

- b. Click **Search** to view the results.

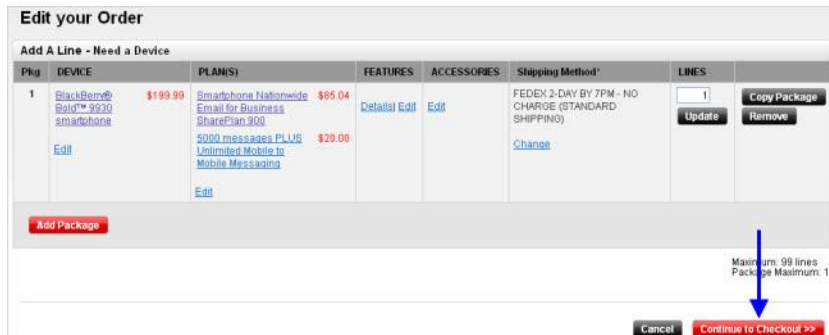

- c. Once you've made your selection, enter your desired quantity and click the **Add to Cart** button.

4. Follow prompts to select your package's plan, features and accessories.

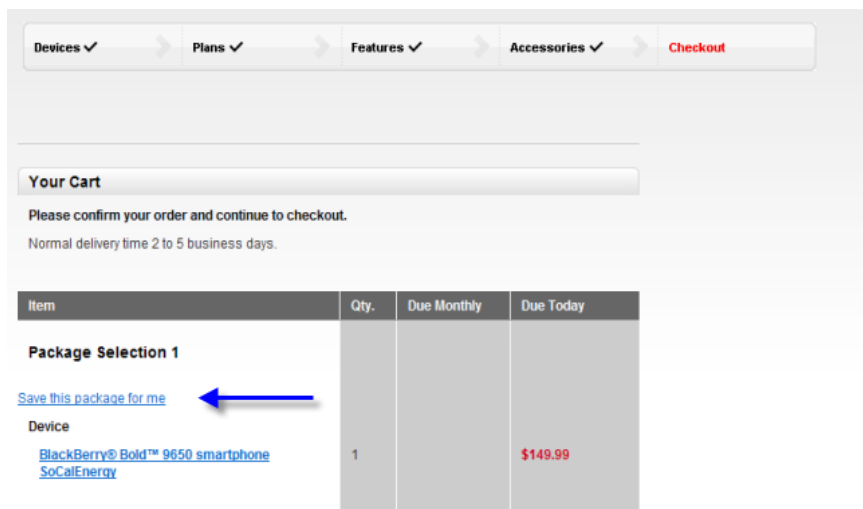

5. On the Edit your Order page, review your selections and make any necessary revisions. Then click **Continue to Checkout**.

6. On the Checkout screen, click **Save this package for me** to save as a personal package.

Note: If the link is not appearing for you, then you may have already reached the seven personal packages limit.

7. Enter a name for the new package in the Package Name field. (Package names must be unique and may contain letters, numbers, spaces, hyphens and periods, with a maximum length of 20 characters.) Then, click the **Save Package** button.

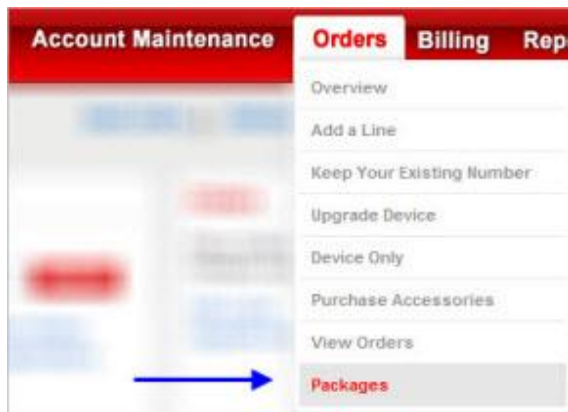

Your new personal package will now appear on the Personal Packages page.

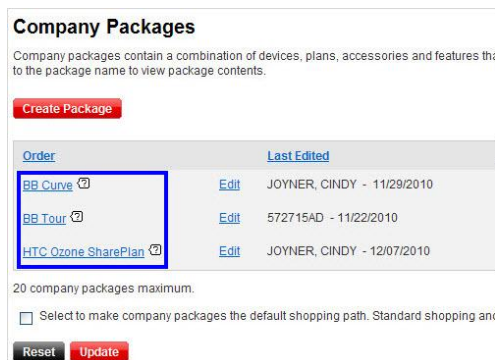

### Create From an Existing Company Package

1. To designate an existing company package as one of your personal packages, hover your mouse over the **Orders** tab and click on **Packages**.

2. On the Company Packages page, click on the link associated with the package that you would like to designate as a personal package.

3. Select a Transaction Type, enter your work ZIP code, then click the **Continue** button.

Close x

**Select Transaction Type**

 Upgrade Device

**Choose location by Zip Code**

Enter your work zip code:

Remember my location

Cancel Continue

4. Review your selection. Then click on the **Save this package for me** link.

Note: If the link is not appearing for you, then you may have already reached the seven personal packages limit.

**Your Cart**

Please confirm your order and continue to checkout.  
Normal delivery time 2 to 5 business days.

Item	Qty.	Due Monthly	Due Today
<b>Package Selection 1</b> <a href="#">Remove from cart</a> <a href="#">Save this package for me</a> <a href="#">Save this package for all my company's users</a>			
<b>Phone</b> <a href="#">BlackBerry® Curve™ 3G 9330 smartphone in Fuchsia</a> <a href="#">Update Phone</a>	1		\$29.99
<b>Accessories</b> <a href="#">Update Accessories</a>			
<b>Plan</b> <a href="#">BlackBerry® Nationwide Email for Business 450</a> <a href="#">Update Plan</a>	1	\$75.19	

5. Enter a name for the new package in the Package Name field. (Package names must be unique and may contain letters, numbers, spaces, hyphens and periods, with a maximum length of 20 characters.). Then, click the **Save Package** button.

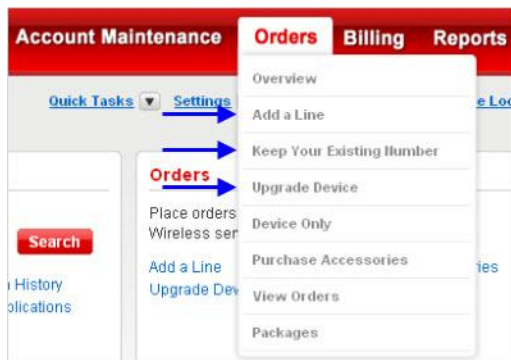

Your new personal package will now appear on the Personal Packages page.

## How to Order Using a Package

1. Hover your mouse over the **Orders** and select **Add a Line, Keep Your Existing Number or Upgrade Device**.

2. Enter your work ZIP code, select **Purchase a new device**, and click the **Continue** button.

3. On the Select Device page, click on the **Packages** tab.

4. To order using a package, click **Select Package**.

Package	Package Details	Package Type	
 [Redacted]	<a href="#">View</a>	Company	<a href="#">Select Package</a>
 [Redacted]	<a href="#">View</a>	Company	<a href="#">Select Package</a>
 [Redacted]	<a href="#">View</a>	Personal	<a href="#">Select Package</a>

5. Review your order, and click **Continue to Checkout** to complete your transaction.
