

# Software update for your device.

Verizon Wireless is pleased to announce an operating system update that will improve the performance of your device.

## The following improvement has been made:

- Android security patches.

We will continue working with Google and handset makers to ensure that any security patches are available as soon as they're fully tested and approved. Please check the Verizon Support website for the latest software information and version available for your device.

For step-by-step instructions on how to perform the download, please visit [www.verizonwireless.com](http://www.verizonwireless.com)
