

Android Lollipop operating system update for your SAMSUNG GALAXY S[®] 6 EDGE

Software Version: LMY47X.G920VVRU3BOG5

Verizon Wireless is excited to announce a new software update for the Samsung Galaxy S 6 Edge.

Samsung Galaxy S 6 Edge

New Feature:

Caller Name ID now works if you have Advanced Calling enabled on your device. With Caller Name ID, you can:

- Identify unknown callers so you can easily screen calls
- See identified caller names in your call log
- Easily add new callers to contacts
- Choose what people see when you call them with Picture ME

Other Enhancements:

- Upgrade to Android OS 5.1.1
- Fixed an issue where sometimes 'Contacts has stopped' would pop up
- Fixed a no service condition when traveling to Puerto Rico
- Fixed an issue where sometimes the Mobile Data icon would disappear from the Quick Panel
- Made improvements to auto-correction and predictive text in native keypad
- Android security patches

For step-by-step instructions on how to perform the download, please visit www.vzw.com/galaxys6edgesupport

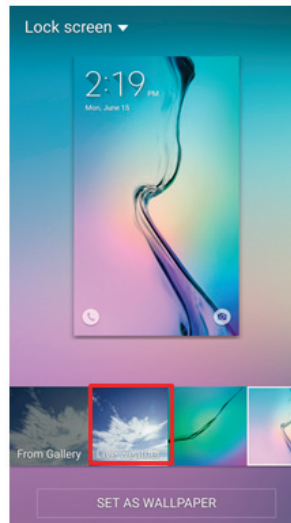

Home Screen

- Added option to turn parallax “Wallpaper motion effect” Off if desired.

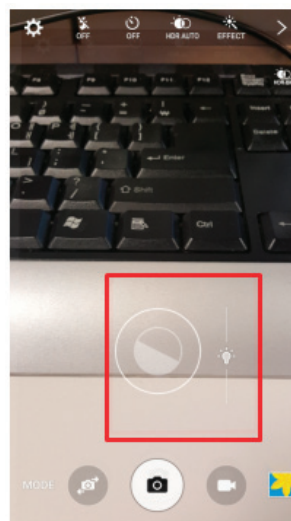

Lock Screen

- Added Live Wallpaper options for lock screen wallpaper.

Camera Exposure Value

- Added feature to allow Exposure value to be adjusted from within camera viewfinder. Exposure can be changed by pressing and moving slider up or down.

New Chinese Language Support

- Added support for Chinese Mandarin Phonetic Symbols and Cangjie as Input Languages.
