

Software Update for the LG G PAD 10.1.

Software Version VK70011A

Verizon Wireless is pleased to announce a software update that will improve the performance of your LG G Pad 10.1 tablet

LG G PAD 10.1

THE FOLLOWING ISSUES HAVE BEEN RESOLVED:

- Fixed Google Play Movie freezing issue.
- Fixed an issue during OTA updates where a pop up flashes “phone restarting” instead of tablet restarting.
- OTA update application now contains hard-coded credentials to access remote bootstrapping servers.
- Fixed ALM issues regarding Cloud contact and sync.
- The email client displays the max attachment size for IMAP as 29.8MB, but if the user attaches files between 25-29.8MB in size, the email is not sent.
- Corrected typo (Verzion -> Verizon)
- Fixed a bug so that user can scroll PPT document in landscape mode when font is enlarged.
- Remote app not available when no headset is plugged in.
- Improved Home screen verbiage as below.
 - “Touch and hold a screen to rearrange order or drag to Remove bar to delete.”
 - “Touch, hold and drag a screen to rearrange order, or drag to Remove bar to delete.”
 - “You can rearrange or add apps to your launcher by touching and holding an icon and dragging it to where you want it.”
 - “You can rearrange or add apps to your Favorites Tray by touching and holding an icon and dragging it to where you want it.”
- Improved audio quality about VoIP application such as Skype by tuning Echo Canceler.
