

Software Update for your Nexus 7 from Google.

Software Version LMY48L

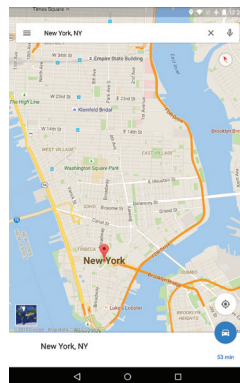

Verizon Wireless is pleased to announce an operating system update to Android 5.1.1 Lollipop. Lollipop brings Android beyond smartphones and tablets, allowing access to apps and Android services on other connected screens like TV's, cars and wearables. The new material design offers complex animations and 3-D views, 64-bit ABI support and improved runtime.

Nexus 7 from Google

Elevated Appearance and Interaction

Material Design
