

Software Update

KYOCERA HYDRO ELITE.

Software Version 2.006VZ

Verizon Wireless is pleased to announce a software update designed to improve the performance of your Kyocera Hydro Elite smartphone.

Kyocera Hydro Elite

Improvements have been made to the following areas:

PERFORMANCE

- Touch screen and touch keyboard sensitivity
- OTA software update screen now displays customized text

USER INTERFACE

- Call screen stays lit for more than 15 seconds when call is active
- Received Signal Strength Indication (RSSI) stays consistent when device is idle
- Emergency Alert Tone rings regardless of device settings
- Glossary Help display now shows all information
- Power consumption reminder can be turned off when using Mobile Hotspot
- Warning notice appears when earphones connect to device and volume is on loud setting
- Power Button Instantly Locks function now works properly
- 4G LTE and Wi-Fi icon data transfer notification issues are fixed

For step-by-step instructions on how to perform the download, please visit www.vzw.com/hydroelitesupport

KYOCERA HYDRO ELITE

CAMERA AND AUDIO

- Photos are no longer overexposed when close-ups are taken with auto-flash
- Speakerphone volume improved

BLUETOOTH

- Receive audible text message alerts while connected through Bluetooth
- Volume levels have been increased when connected to Bluetooth/wired headset
- Music starts and stops precisely when calls start/end when using external speakers
- No audio issue when dialing from the Recent Call menu has been fixed

EMAIL

- Email no longer sits in Outbox when sending messages with 'over the server size' attachments
- Email Widget no longer creates email folders for Inbox
- Default email account option is maintained during email setup

MESSAGING

- SMS/MMS destination addresses can be entered manually in the "to" field
- Up and Down buttons no longer cover up Contacts in Group Messaging
- Screen scrolling is now capable when pictures are attached in Group Messaging

APPLICATIONS

- Launch Visual Voice Mail (VVM) app during an active call
- Hear VVM sound when connected through a mono Bluetooth
- Previously deleted contacts are now retrievable through Backup Assistant Plus
- Contact app screen for Backup Assistant Plus works better
- VZ Navigator continues working, even when you hit the back arrow
- Weather and Clock widgets now update properly and do not freeze
- Amex Serve sign-in issue has been resolved
