

Software Update for your NOKIA LUMIA 822.

Software Version 3051.40000.1352.0042.

Verizon Wireless is pleased to announce a software update designed to improve the performance of your Nokia Lumia 822 smartphone.

Nokia Lumia 822

KEY DEVICE ENHANCEMENTS

- Driving mode turns off all device notifications with the option of setting text and phone calls to “on” while connected to a handsfree Bluetooth accessory
- Windows Phone now supports new accessibility features to assist people by reading information that’s on their screen including text and controls for phone calls, messaging, email, contacts and more
- Bing applications are now supported (includes Bing Finance, News, Sports and Weather)
 - Apps come pre-loaded for new users
 - Apps are accessible for download via Windows Phone Store for existing users
- Multitasking capabilities have been enhanced
 - Press and hold the back key to open a list of recently accessed apps
 - Select an app to reopen it, and tap the X to close it
- Lock screen to portrait or landscape layout with Screen Orientation Lock

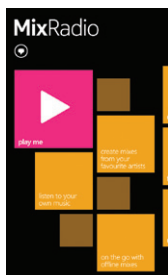

For step-by-step instructions on how to perform the download, please visit www.vzw.com/lumia822support

NOKIA LUMIA 822

NOKIA CAMERA APP**

- Combines features from Nokia's Pro Cam with Smart Cam into one app
- Offers additional features including quick access for modes like Best Shot, Action Shot, Motion Focus, Remove Moving Objects, Change Faces.
- Manual mode lets you adjust settings like white balance, focus, ISO, shutter speed, exposure

NOKIA MIXRADIO**

Updated version offers the following new features:

- 'Like' your favorite artists
- Be the first to hear about their new gigs and releases
- Notifications appear in the app, on Live Tiles and Lock Screen
- Simplified UI for easier navigation between MixRadio and My Music
- Access to Store and Gigs through a Combined Search page
- Personalize your music mix based on listening history with 'Play Me'
- Share tracks and stations on social networks

**May be preloaded for new users or downloaded from the Windows Phone Store for existing customers.

HERE TRANSIT**

Use public transportation more effectively

- Compare routes, departure/arrival times and get walking directions
- Find nearby stations with just one tap
- Get upcoming station names and details so you don't miss your stop
- Access your past trip details and favorite travels with one swipe

HERE DRIVE+**

Updated version offers enhanced app usability and stability improvements as well as these features:

- Turn-by-turn, voice-guided navigation in 95 countries (works offline)
 - 87 free voice-guidance options for download
 - 28 options for spoken street names in preferred language
- Drive safer with audible speed limit warnings
- Personalized commute assistance in 26 countries with My Commute
- Stay up-to-date on current traffic conditions with Traffic View
- New interactive compass offers 'North Up' perspective
- Customizable route settings
- Automatic Day/Night mode for optimum visibility
- Find restaurants, gas stations and shops on the map with POI layers
- Learn the speed limits for the road you're on with just one tap

NOKIA LUMIA 822

HERE MAPS**

Updated version offers the following new features:

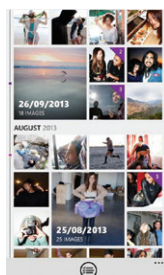

- Organize your Favorites into Groups, sync them across your device and at **here.com**
- Directions available for driving, pedestrian and public transportation
- See what's around you with LiveSight
- View public transit stations and available lines for easy traveling
- Pull up directions fast by tapping on a place of interest
- Explore venues, like shopping malls, in 45 countries
- Switch to HERE Drive or HERE Transit
- Discover the top 25 places around you
- Pin LiveSight, places, categories and destinations to Start screen
- Offline access to maps and directions fast
- Get directions whether you're driving, walking or using public transit

GLANCE

Updated version offers the following new features:

- Offers image background support with color options for Sleep mode
- Notification support for the existing lock-screen

NOKIA STORYTELLER**

- Quickest way to share your pictures on Facebook and Twitter
- Personalize the photo experience by adding interactivity
- Create clusters of stories for easy navigation to past memories

**May be preloaded for new users or downloaded from the Windows Phone Store for existing customers.
