

Software update for your MOTO G.

Software Version 173.44.20.falcon_cdma.Verizon.en.US.

Verizon Wireless is pleased to announce a new software update for the Moto G smartphone. With this upgrade you get the latest version of the Android OS (Android 4.4.2, KitKat), as well as new features, enhancements and bug fixes.

MOTO G

AFTER INSTALLING THE SOFTWARE UPDATE YOU WILL NOTICE NUMEROUS ENHANCEMENTS AND CHANGES, INCLUDING:

Android™ 4.4.2, KitKat®

- A new full-screen mode, color emoji support, improved closed captioning support, stronger security, smarter power use, and more tools and capabilities for better app development

Phone

- A new phone app interface makes it easier to find contacts quickly
 - The app will show you the top three people you call or you can customize these three favorites
 - Turn other recent into favorites by customizing the order
 - Search by name, number or corporation through the search box at the top of the phone screen
 - View and tap frequent accessed contacts easily

For step-by-step instructions on how to perform the download, please visit www.zw.com/motogsupport.

MOTO G
