

Software Update for the SONY XPERIA® Z3V

Software Version: 23.0.E.1.44

Verizon Wireless is pleased to announce a software update that will improve the performance of your Sony Xperia Z3v smartphone.

Sony Xperia Z3v

THE FOLLOWING IMPROVEMENTS HAVE BEEN MADE:

- Reduce mobile data notifications during calls
- Simplify access to e-mail notification settings
- Update the Lifelog notification text to guide the user on how to put their device into high accuracy mode
- Update Lifelog default height and weight measurements to standard
- Optimize oversized email retransmit to reduce data usage
- Improved NFC performance
- Ensure emails with HTML links are displayed with a clickable link
- Enable HD video playback on Google Play Movies
- Modified group MMS to minimize "Message Expired or Not Available" condition
- Implement font size and layout improvements
