About Your Phone

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

Setting Up Your Phone

Your phone comes with the SIM card pre-installed.

3. Carefully insert the tray back into the phone.

Optional: Insert a microSD Card

1. With the phone facing up, insert the tool that comes with your phone into the small hole on the card tray and pop out the tray.

2. Insert the microSD card into the tray with the gold contacts facing up.

NOTE: The microSD card is sold separately.

Charge Your Phone

Before turning on your phone, charge it fully.

1. Insert the small end of the USB cable into the USB/charger port.
2. Insert the other end into the power adapter, and plug the power adapter into an electrical outlet.

WARNING! Please use only an approved charging accessory to charge your phone. Improper handling of the charging port, as well as the use of an incompatible charger, may cause damage to your phone and void the warranty.

SAR This product meets the applicable national or international RF exposure guidance (SAR guideline) when used normally against your head or, when worn or carried, at a distance of 1.5 cm from the body. The SAR guideline includes a considerable safety margin designed to assure the safety of all persons, regardless of age and health.
