## About your phone

NOTE: Devices and software are constantly evolving—the screen images and icons you see here are for reference only.

## Setting up your phone

Your phone comes with the SIM card pre-installed.

### Charge your phone

Before turning on your phone, charge it fully.

1. Insert the small end of the USB cable into the USB connector.

2. Insert the other end into the power adapter, and then plug the power adapter into an electrical outlet.

WARNING: Only use approved chargers with your device. Incompatible chargers or tampering with the charger port could damage your device and void the warranty.

### Optional: Insert the microSD card

1. With the phone facing down, push the tray eject pin that came with your phone into the small hole next to the microSD™ card tray slot until the card tray pops out.

2. Pull out the microSD card tray and place the microSD card into the tray with the gold contacts facing up.

3. Insert the tray back into the slot.

NOTE: The microSD card is sold separately.

## Using your phone

### Turning your phone on/off

To turn on, press the **Power/Lock** button until the phone vibrates.

To turn off, press and hold the **Power/Lock** button for a few seconds, and then tap **Power off**.

### Locking/unlocking the screen

Prevent accidental button presses by locking your phone.

To lock your phone, briefly press the **Power/Lock** button. The phone also automatically locks after it has been idle for some time.

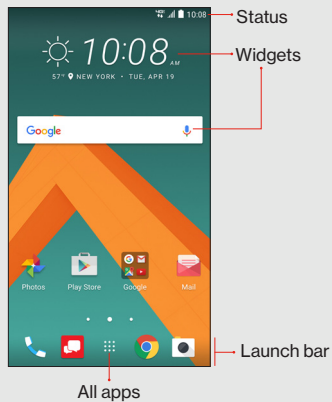

To unlock your phone, swipe the **Lock** icon up.

## Additional information

### Your wireless device and third-party services

Verizon Wireless is the mobile carrier associated with this wireless device, but many services and features offered through this device are provided by or in conjunction with third parties. Verizon Wireless is not responsible for your use of this device or any non-Verizon Wireless applications, services and products, including any personal information you choose to use, submit or share with others. Specific third-party terms and conditions, terms of use and privacy policies apply. Please review carefully all applicable terms, conditions and policies prior to using this wireless device and any associated application, product or service.

### Hearing aid compatibility information

This phone has been tested and rated for use with hearing aids for some of the wireless technologies that it uses. However, there may be some newer technologies that have not been tested yet for use with hearing aids. It is important to try the different features of this phone thoroughly and in different locations, using your hearing aid or cochlear implant, to determine if you hear any interfering noise. Ask your service provider or the manufacturer of this phone for information on hearing aid compatibility. If you have questions about return or exchange policies, ask your service provider or phone retailer.
