DELPHI CONNECT

IMPORTANT INFORMATION ABOUT DELPHI CONNECT:
Delphi Connect is brought to you by Verizon Wireless and Delphi.
Use of Delphi Connect requires activation on a Verizon plan and a separate monthly Delphi Connect subscription charge. You will incur Verizon Wireless data usage when you use Delphi Connect.
After you set up your Delphi Connect Account, you will be able to:
• Monitor overall vehicle status
• Diagnose your vehicle’s engine health
• Locate your vehicle
• Receive alerts for certain driving behavior (e.g., high speed, high RPM) and vehicle performance issues
• Set up geo-fences and receive alerts for entry and exit
• Track the location of your vehicle
• View trip logs
• Access your vehicle’s existing key fob functions¹ remotely from your smartphone or computer
• Use Bluetooth® for a faster response time on key fob functions

TO ACTIVATE YOUR DELPHI CONNECT ACCOUNT, YOU MUST TAKE THE FOLLOWING STEPS:
1. Set up an account through the Delphi Connect smartphone app or website.² To activate the account, you must agree to Delphi’s Terms of Use available at connectedcar.delphi.com/terms and you must provide the Registration Key and ESN DEC information from the Module label. The Terms of Use place important restrictions on you. Please review them before using Delphi Connect.
2. Install Delphi Connect as instructed in the Reference Guide provided with your purchase.

IMPORTANT CONSUMER NOTICES:
• The Module will only function when installed in a vehicle and registered with a Delphi Connect Account.
• Billing for the Delphi Connect monthly subscription will end automatically when you disconnect Verizon service.
• You may only use the vehicle tracking capability of Delphi Connect with the informed consent of occupants in your vehicle. You will provide adequate notice of Delphi’s Privacy Policy to any driver or occupant of a vehicle with a Module or you will disconnect the Module when persons without adequate notice are in the vehicle. If you do not agree to this and to the other terms and conditions in Delphi’s Terms of Use or its Privacy Policy available at connectedcar.delphi.com/terms, then do not use Delphi Connect.
• Delphi Connect cannot be sold to another user. The Module must be removed from vehicles being sold or when returning a leased vehicle.

Delphi’s complete Terms of Use and Privacy Policy can be accessed at connectedcar.delphi.com/terms

¹ The key fob feature works with most makes and models. Visit connectedcar.delphi.com/fitment to verify compatibility with your vehicle.
² The Delphi Connect smartphone app is available for Android™ 2.2 or later and iOS 5.0 or later; the website is compatible with Internet Explorer® 7 and later, Google Chrome™, Apple Safari® and Mozilla Firefox® browsers.
