

How To Use Guide: Mobile IM

Using Mobile IM with **AOL® Instant Messenger™** service, **MSN Messenger™**, or **Yahoo! Messenger®** is as easy as it looks. It's simple, takes just a minute and is available through Get It Now® from Verizon Wireless. If you don't already have an AOL Instant Messenger, MSN Messenger, or Yahoo! Messenger account, you need to set one up on your computer.

Now you're ready to download the Mobile IM application directly to your phone!

How to download Mobile IM

On your Verizon Wireless Get It Now-capable phone:

1. Choose Get It Now from the main menu
2. Select the shopping cart icon
3. Select Get Messaging
4. Select Mobile IM.

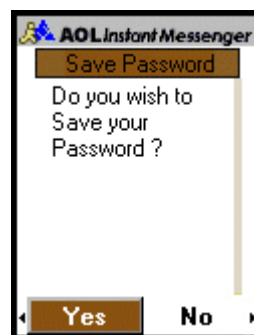

Once Mobile IM is downloaded, you can access it by selecting the Mobile IM icon in the Get It Now section of your mobile phone.

AOL® Instant Messenger™ service

1. Select AOL® Instant Messenger™ from the Mobile IM Title Screen
