1. Select the browse link on the main screen by using the scroll keys to highlight the Browse option and pressing the select/ok key on your phone.
2. Once you have found the category you are looking for, highlight the category and press the select/ok button to retrieve the list of ringtones in that category.

Search for a ringtone

Can't find what you are looking for? Use the search tools to easily find the title or artist you want.

1. Use the scroll keys to select the Search button on the top button bar and press the select/ok key on your phone.
2. Using your keypad enter the text of what you want to search for. You must enter at least two letters but the search will match partial searches. For instance entering 'ea' will return any artists or songs with 'ea' in them such as Beatles.
3. When you have entered at least two characters use the scroll keys to choose what you want to search by, title or artist, and then press the select/ok key to perform the search.

Preview a Ringtone

Once you have selected a ringtone that you wish to purchase you can hear what it's actually going to sound like by using the VZW Tones preview feature.

1. Highlight the ringtone that you wish to preview but selecting it in the menu using the **scroll keys**.
2. Press the **select/ok menu** to access the Preview/Purchase pop-up menu.
3. Use the **scroll keys** to select the preview option.
4. Press the **select** key to listen to the tone.
5. Pressing **Stop** will stop the play back.
6. Pressing **Clr** will return you to the previous ringtone list.

Downloading Ringtones

Once you find a tone and preview it, you are only two clicks away from purchasing your tone.

1. Highlight the ringtone that you want to purchase by using the **scroll keys** on your handset.
2. Press the **select/ok** button to access the Preview/Purchase pop-up menu.
3. Use the **scroll keys** to select the Purchase option.
4. Press the **select/ok** key to view the information about your purchase.
5. Select the **Purchase** option from the information screen using the select/ok key and your tone will be saved on you handset.

Setting Your New Ringtone as Your Ringtone

You can set your new ringtone as the default right from the download success screen.

1. After you have downloaded a ringtone select Use Default using your scroll keys to set your new ringtone as your default ringtone.

You can also use VZW Tones' Ringtone Manager feature to set your default ringtone.

1. Highlight the **Help** button at the top of the screen using the scroll keys and press the select/ok button on your phone to display the help menu.
2. Select the **Manage** option from the help menu.
3. Select the ringtone that you would like to set as your default ringtone and press the **select/ok key** to see the "preview/delete/set default" menu.
4. Select **Set Default** from this menu and your selected ringtone will now be used for your default ringtone.

Review or Delete your already downloaded ringtones

Using VZW Tones' Ringtone Management feature you can review ringtones that you have already downloaded.

1. Highlight the **Help** button at the top of the screen using the scroll keys and press the **select/ok** button on your phone to display the help menu.
2. Select the **Manage** option from the help menu.
3. Select the **ringtone** you would like to review.
4. From the "Set Default/Delete/Play" menu select **play** to hear your tone.

5. To stop the playback select **Stop** from the menu.
6. The **Clr** key will return you to the list of ringtones on your phone.
7. To delete a tone select the tone that you wish to delete.
8. Select **Delete** from the "Set Default/Delete/Play" menu.
