

SOFTWARE UPDATE

YOUR MOTOROLA XOOM JUST GOT EVEN BETTER.

VERIZON WIRELESS AND MOTOROLA ENCOURAGE YOU TO DOWNLOAD THIS UPDATE.

Verizon Wireless is pleased to announce a new software update, JZ054M for your MOTOROLA XOOM™ 3G and 4G LTE. This update includes an upgrade to the Android Operating System 4.1.2 (Jelly Bean).

GOOGLE NOW

Google Now displays relevant information before you even ask for it: today's weather, how much traffic to expect, when the next train will arrive as you are standing on a train platform, or your favorite team's score.

NOTIFICATIONS

Take action directly from the notification shade, such as emailing attendees of your meeting. Notifications are expandable to display deeper detail.

DEVICE IMPROVEMENTS AND FIXES

- Voice Search speed has been improved
- Keyboard adapts over time and predicts user's next word
- Settings application has been revised for clearer options
- "Accounts & Sync" has been moved from the Personal group to an independent group called "Accounts"
- Enhancements to modem stability to improve data connectivity
- Search Option has been added in YouTube Application
